

The Fence For Everyone

Everyone should have the ability to bring their indoor dining experience outdoors.

So we decided to take what everyone loves about SelectSpace and make it essential. High-quality galvanized steel is formed and punched to provide a unique look to any outdoor space. Each panel quickly connects to base plates that allow you to secure it to the ground or leave it as is for maneuverability. And our exclusive honeycomb design is sure to WOW anyone who sees it, making it the perfect solution for outdoor dining and entertaining. Everyone needs the essentials in life. Get yours today.

The Essential Partiton

ESSENTIAL LINE

SelectSpace Partitions is a simple, portable, and durable solution for sidewalk cafe barriers. Our DIY modular partition system allows restaurant owners to arrange and rearrange their patio space however they want. The partitions are crafted from responsibly sourced, sustainable stainless steel, aluminum, and carbon steel. And all of our products are manufactured in Chicago, IL, USA.

SelectSpace® Partitions helps you to see the potential of your outdoor seating area and make the most of it, bringing your indoor ambiance outdoors. Our beautifully designed, modern fence help restaurant owners organize their space and create an experience perfect for customers. All the while matching a company's brand with custom colors and laser-cut logos.

TRUSTED BY BRANDS ACROSS NORTH AMERICA
